

AN ADDITION & A TWEAK TO THE Camelot Hunter Challenge

We have added a 2'6" class to the Camelot Hunter Challenge! The Finals will still be held at the Camelot Classic On The Grass Oct. 8 - 11, 2020 at the Santa Barbara Polo & Racquet Club, and may be held at separate heights or as a combined height class.

Both the 3' qualifying class and the 2'6" qualifying class can be held as usual as a Handy Hunter Class with a verbal question from the Judge at the end of each round, Or gymnastics and or trail obstacles may be added to the round at management's discretion.

We are hoping to give 2'6" riders the chance to compete in this innovative class, and to add more of an element of FUN before the excitement of the \$1500 Finals. Please see below for the entire specifications.

CAMELOT HUNTER CHALLENGE - 3'

To be run as a Handy Hunter Class for Jr. & Amateur Riders. At the end of the course, the rider will ride to the Judge for a verbal question pertaining to Hunters. The course may also contain gymnastics or trail obstacles at the management's discretion. Two riders must complete the course without major faults for the class to qualify for the Finals. Top 2 qualify for the Finals. This class may be combined with the 2'6" class if warranted. The Finals **may** be run as a combined height class and will be held at the Camelot Classic On The Grass at the Santa Barbara Polo Club in October. The Finals will be a 2 round Finals with the second round held as a "take your own line" class. Shows may offer both classes or one as they wish. \$1500 will be awarded to the Champion of the Finals with 50% going to the rider, 30% to the Trainer, and 20% to the Groom of the winning horse.

CAMELOT HUNTER CHALLENGE - 2'6"

Same specs as the Camelot Hunter Challenge 3' Class. This class may be combined with the 3' class if warranted. The Finals **may** be run as a combined height class and will be held at the Camelot Classic On The Grass at the Santa Barbara Polo Club in October. Shows may offer both classes or one as they wish. This class may be combined with the 3' class if warranted.
